

People at CTG

Derek Werthmuller

Director of Technology Innovation and Services

Specialty

- Reliable and sustainable computing
- Automated deployment and management of systems
- Computer and network security

Brief Bio

As the director of technology services, Derek manages the Technology Solutions Laboratory and the Technology Services Unit to maintain the Center's technology infrastructure, conduct technology investigations, and support electronic products.

Derek brings more than 15 years of experience to his position as director of technology services. He brings experience building networks, automating system management and system deployment, and evaluating sustainable software systems.

Prior to joining CTG, Derek spent six years at Siena College as a computer and network specialist. His accomplishments at Siena include establishing an Internet presence for the College and expanding the multi-building campus network.
