

People at CTG

Gloria Lisowski
Administrative Assistant

Brief Bio

At the Center, Gloria supports arranging travel for staff, maintaining calendars, front desk duties, and other related project support.

She comes to the Center with prior administrative work experience at the University. She has had appointments in the Physics and Biology departments supporting the main office and the administrative needs of both faculty and students. Prior to working in these academic departments, she was at the University Health Center supporting the daily activities of a very busy health center, assisting both the medical staff and incoming students.
