On The Move to New Offices

We are pleased to announce that we will be moving to our new offices at 187 Wolf Road in Colonie, New York between Wednesday, October 22nd and Friday, October 24th . During these days, our telephone and e-mail services will be down and our Web site will be unavailable.

Our new office space provides us with an environment that will support expanding partnership projects and research programs. This move doubles the size of our office space and provides us with additional rooms for hosting workshops, seminars, and presentations. It will enable us to better accommodate our staff, which has grown to 18 professionals and 12 graduate students in the past couple of years.

Our new offices are located off exit four of the Northway (Route 87) in front of the Marriott on Wolf Road.

Directions to our new location.
